Authorization for this examiner's amendment was given in a telephone interview with Mr. Lew Macapagal on 07/24/07.

The application has been amended as follows:

- a. In claim 1, line 1, "digital TV" has been changed to "digital television (TV)", lines 7-8, "the split passband" has been changed to "a split passband of the phase splitter", line 19, "filtered signal" has been changed to "filtered signal of the passband filter", line 22, "a Loop" has been changed to "a loop".
- b. In claim 2, line 1, "The device" has been changed to "The carrier recovery device", line 2, "phase error outputted from the Loop filter" has been changed to "filtered phase error outputted from the loop filter".
- c. In claim 3, line 1, "The device" has been changed to "The carrier recovery device", line 3, "the external" has been changed to "an external".
- d. In claim 4, line 1, "The device" has been changed to "The carrier recovery device", line 2, "when" has been changed to "wherein".
- e. In claim 5, line 1, "The device" has been changed to "The carrier recovery device".

Art Unit: 2611

- f. In claim 7, line 1, "The device" has been changed to "The carrier recovery device", line 3, "the periphery of the" has been changed to "the periphery of the second".
- g. In claim 8, lines 7-8, "signals of the split passband" has been changed to "signals of a split passband of the phase splitter", lines 19-20, "signal and a particular multiple of the" has been changed to "signal of the passband filter and a particular multiple of a", line 21, "a Loop" has been changed to "a loop".
- h. In claim 9, line 1, "The device" has been changed to "The carrier recovery device", lines 2-3, "convert the carrier signal component and components in all data blocks in the periphery of the carrier signal component to have the" has been changed to "convert a carrier signal component to have a".
- i. In claim 11, "The device" has been changed to "The carrier recovery device".
- j. In claim 12, "The device" has been changed to "The carrier recovery device", line 3, "the external" has been changed to "an external".
- k. In claim 16, "The device" has been changed to "The carrier recovery device", line 2, "when" has been changed to "wherein".

The following is an examiner's statement of reasons for allowance: present application discloses a carrier recovery system receiving a signal wherein the carrier

recovery system comprises an analog to digital converter, a phase splitter, first and second multipliers, phase detector and a loop filter. Prior art teaches or suggests in combination of the limitations claimed. However, prior art does not explicitly teach the further limitation of wherein the phase detector comprises first and second squarers or absolute value calculators and receiving I and Q output from the second multiplier, performing subtracting operation on the outputs of the first and second squarers or absolute value calculators, passband filtering the output of the subtracting operation and detecting the phase error by a Gardner phase error detector.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
